

Your membership helps make our school the best it can be!

Anyone can be a member of the Palmetto High School PTSA - parents, staff, students, relatives or community members. **The more voices we have, the stronger we will be heard at the State and National level.** Last year, through memberships, grants, fundraising and donations we raised nearly \$55,000 that was invested into technology, musical instruments, student incentives, books, and art & culinary supplies. Additionally thanks to our parent donations we can continue to support our teachers through our staff appreciation fund. There is a way for you to make a difference in our school and community. Whether you are able to volunteer or not, you can still support PTSA sponsored projects with your membership and donations. Help us make our students the best that they can be with all the tools and resources they need. **THANK YOU!**
